The MRC d'Argenteuil is seeking interested persons to sit on its Regional Heritage Council (Conseil régional du patrimoine or CRP) as members appointed by the MRC Council. Established on March 8, 2023, this committee's mandate is to study and give its opinion on any matter relating to the protection or enhancement of Argenteuil's heritage. It also serves as a consultative body to the MRC Council in relation to the new powers granted to MRCs, including the recognition of heritage buildings or sites.

Individuals interested in serving on the CRP must have one or more of the following profiles:

- Owner of a heritage property located on the territory of the MRC d'Argenteuil;
- Resident of Argenteuil working in the field of built heritage: architect, urban planner, historian, craftsman, tradesman working on heritage buildings, etc.

CRP meetings are held at the MRC d'Argenteuil head office in Lachute and occasionally in one of the nine (9) municipalities, depending on the files under study. The CRP will be convened as needed (4 to 8 meetings per year). Members of the CRP will serve for a term of two years.

To apply, simply submit a short letter explaining your motivation for serving on the CRP, indicating the subjects that are important to you in this area and mentioning your experience related to cultural heritage (if applicable). You may also include with your letter any documents that support your application, such as your curriculum vitae.
